Inclusive.

Our focus is individualized rehabilitation programs. We know that the rehabilitation process is different for everyone. Our team of rehabilitation and skilled nursing professionals personalizes each individual's care plan, catering to each person's unique needs. Our rehabilitation team can also evaluate the appropriate use of adaptive devices. These devices can significantly improve the quality of life, both in our skilled nursing center and at home. Often, the brief stay at The Village of East Harbor is the perfect steppingstone in the transition from hospital to home.
